Given by the decree of the Committee of International Lenin's Prizes of April 21 1967, for „exceptional work in preserving and reenforcing peace between nations“.

*This is an elusive and excessively rare set, first we've ever handled over the years. Less than 100 of these medals were ever awarded, all to the most prominent political figures of communist block countries. L.I. Brezhnev proudly wore such medal above all others.*

Herbert Warnke (02/24/1902-03/26/1975) - Chairman of the FDGB and member of the Politburo of the Central Committee of the SED in the GDR.

Warnke graduated from 1920 - 1924 as a lesson rivets. He joined 1923 the KPD and in 1924 - 1928 was a member of the German Metalworkers' Union. From 1929 to 1930 he was the Chairman of Blohm & Voss in Hamburg, then secretary of the District Committee of the Revolutionary union opposition in Bremen, secretary for trade union matters in the district KPD leadership Weser-Ems and 1932 - 1933 a member of the Reichstag.

1933 - 1935 he was secretary of the Red Trade Union International in Saarbrücken and Paris and until 1938 a member of the section line north of the KPD in

Copenhagen. From 1939 to 1943 he was in Sweden and interned in detention, after he was editor of the journal "The way to life" .

Upon his return to Germany was in 1946 he Chairman of the National Board of Mecklenburg-Vorpommern and a member of the Federal Executive Board, 1948 first chairman of the Federal Board of FDGB. Since 1949, he was a member of the party's executive committee and Politburo of the SED and deputy of the People. 1950, he was a member of the Secretariat, 1953 nominee and 1958 member of the Politburo of the CC of the SED. It was created in 1949 a member of the Executive Committee, 1953 a Vice President and 1969 member of the Office of the General Council of the World Trade Union Confederation. Since 1971, he was a member of the State Council.

Warnke received the 1955 Patriotic Order of Merit, 1962 the Karl Marx Order, 1967 the Lenin Peace Prize and in 1972 the Order of Lenin. His urn is buried in the Memorial of the socialists on the central Friedrichsfelde cemetery in Berlin-Lichtenberg.

Meritorious Test Navigator of the USSR**

This one of a kind group comes complete with the following:

- Meritorious Test Navigator of the USSR medal with Large Certificate, Small Certificate (contains photo), in the case of issue.
- Meritorious Test Parachute Jumper of the USSR medal.
- Meritorious Test Pilot of the USSR medal.
- Meritorious Military Pilot of the USSR medal.
- Meritorious Pilot of the USSR medal.
- Meritorious Military Navigator of the USSR medal.
- Pilot-Cosmonaut of the USSR medal.
- Master of Sport badge with ID booklet.
- 2 gold world record medals for 4 world records, with 4 flight record Certificates from the Union of Sports Societies & Organizations of the USSR.
- 4 Color Achievement Citations from the Air Force, issued in 1970's.
- Official Patent Certificate for equipment design improvement.
- 3 Military Navigator qualification badges with their corresponding ID booklets (all contain photo).
- 2 Military Test Navigator ID booklets (both contain photo).
- 4 photos of Col. Kudryavtsev, one archival in uniform, 2 with other officers, and one in pressurized suite on.

All 4 of Colonel Kudryavtsev's world flying records were set on a single day, Oct. 12th, 1968. On that day he, as crew navigator, flew in an M12 „CHAIKA" (Seagull) naval flying boat, breaking world speed and distance records for two categories of airplanes - amphibious and hydroplanes. For that he received 2 Gold medals inscribed with his name and date of the flight. He also received the Master of Sport badge.

Пожалуй, почти нет таких заслуг в авиации, которые бы не были отображены в наградах полковника Кудрявцева. От заслуженного военного штурмана, до заслуженного пилота-испытателя, от летчика-космонавта, до мирового рекордмена по самолетному спорту!

Все 4 мировых рекорда были поставлены полковником Кудрявцевым в один день, 12- го октября 1968г. В этот знаменательный день он, в качестве штурмана, совершил полет на М12 "Чайка" военном летающем корабле, перебив мировые рекорды по скорости и дальности полета в 2-х классах летающих кораблей одновременно. За эти рекорды он получил 2 золотые медали (с именем и датой рекорда на обороте), и звание мастера спорта.

*Practically all possible „meritorious" and associated ranks and decrees to one man! Absolutely unique complete group.*

Согласно истории пароход ‘Ильичь’ тонул в Эгейском море в 1932 и был спасён спасательной командой ЭПРОН (известной как проводившей другие сложнейшие спасательные операции). По этому случаю был утверждён этот знак, выданный наиболее отличившимся спасателям команды ЭПРОН.

Также известно что на этом пароходе в 1929 был депортирован из СССР в Турцию один из организаторов и руководителей Революции 1917 г. - Лев Троцкий. Издательская усмешка от Сталина виднелась в названии парохода – ‘Ильичь’. Троцкий и Ленин являлись организаторами переворота в Октябре 1917 г. и отцами-организаторами СССР.
